

Quiz of Bioorganic Chemistry

Examples of answers

1. Draw the mechanism of the following **iodoform reaction** by using curved arrows of electrons. (Text: 18-3, page 832-)

2. Draw the mechanism of the following reaction. (Text in 20-4: 18-3, page 939-)

3. Draw the product and the reaction mechanism of the following **aldol reaction** by curved arrows of electrons. (Text: 18-5, page 837-)
