Guidelines for Admission to the Doctoral Program

名古屋大学大学院生命農学研究科

Graduate School of Bioagricultural Sciences

Nagoya University

本研究科ではインターネット出願を導入しており、出願書類の提出の前にオンラインでの出願登録が必要になります。出願に必要なパソコンやプリンター等の機器、メールアドレス、顔写真データ、検定料の支払い方法、書類の提出方法等を十分確認のうえ、時間には余裕を持って出願を行ってください。なお、インターネット出願時に登録されたメールアドレスには、大学から入学試験に関する重要なお知らせが配信されますので、変更や削除の可能性がなく、日常的に確認できるメールアドレスを準備してください。

The Graduate School of Bioagricultural Sciences is accepting online applications. The applicants require online application registration before submitting application documents. Please make sure you have sufficient time to check the necessary equipment (e.g. computer, printer, etc.), e-mail address, photo data, payment method for the examination fee and how to submit the documents before submitting your application.

Important information about the examination and other related issues may be sent by the University to your registered e-mail address. Therefore, please use an e-mail address that you check on a regular basis and has little chance to be changed or deleted.

名古屋大学大学院生命農学研究科のアドミッション・ポリシー

(1) 入学者受入れの方針

生命農学を探究するために必要な学力を有し、高い専門性を持った指導者や技術者として、知識と能力を社会に役立てようという志をもつ国内外の人材を求めています。

(2) 選抜の基本方針

「生命農学関連専門科目の知識・理解力と論理的思考力・応用力」を学力検査によって、「英語能力」を外部試験成績によって評価します。また、研究能力を修士論文により評価します。さらに「志望する研究分野に対する明瞭な志向と研究への熱意」、および「その分野に関連する基本的な知識と理解力」を面接・口述試験によって評価し、入学者を選抜します。

個人情報の取り扱いについて

出願にあたって提供された住所・氏名・生年月日その他の個人情報は、入学選抜、合格発表、入学手続及びこれらに付随する事項並びに入学後の学務業務における学籍・成績管理を行うためのみに利用します。

また、取得した個人情報は適切に管理し、利用目的以外に使用いたしません。

Treatment of information on individuals (at Nagoya University)

Any information regarding individuals which has been obtained from application documents, shall be used for the purposes of notifications concerning the application in hand, entrance examinations, announcements of results of entrance examinations, enrollment procedures and any other items subsidiary to these situations. It will also be used for the administration of the school register and for academic records connected with student academic affairs after enrollment. Furthermore, any information obtained concerning individuals will be treated appropriately, and shall never be used for any reason other than its administrative purpose.

< Changes in examination schedule and procedures due to unforeseen circumstances >

The examination schedule and selection measures may be modified in the event of an outbreak of infectious disease or other unforeseen circumstances. Please check the website regularly for the latest notices, especially in the days preceding the application and examination periods.

- Contact info:

Student Affairs Section, Graduate School of Bioagricultural Sciences,
Nagoya University

The following provides information to applicants on admissions to the Doctoral Program, Graduate School of Bioagricultural Sciences, Nagoya University, beginning in October 2024.

1. Requirements for applicants

Applicants must meet one of the following conditions by the day prior to the day of enrollment:

- (1) Applicants who have a master's degree or professional degree.
- (2) Applicants who have obtained in a foreign country a professional degree equivalent to the master's degree of Nagoya University.
- (3) Applicants who have obtained a degree equivalent to a master's degree or a professional degree by taking correspondence courses offered in Japan by a foreign school.
- (4) Applicants who have obtained a degree equivalent to a master's degree or a professional degree in Japan by completing one of the relevant courses at an educational institution that is recognized by the authorities of a foreign country as an institution offering graduate courses and is approved by the Ministry of Education, Culture, Sports, Science and Technology, Japan (MEXT).
- (5) Applicants who have completed a course of study at the United Nations University and have received a degree equivalent to a Master's degree at the United Nations University. The United Nations University refers to the university established by the United Nations General Assembly's resolution of December 11, 1972. The university is provided for under Paragraph 2, Article 1 of the Act on Special Measures (Law No. 72, 1976) concerning the Implementation of the Agreement between the United Nations and Japan relating to the Headquarters of the United Nations University.
- (6) Persons who have completed the curriculum of a foreign school, educational institution designated under criterion (4), or the United Nations University; have passed the equivalent of a basic skills review for doctoral thesis research; and have been recognized as having scholastic ability equivalent to or higher than that of persons who have a master's degree.
- (7) Applicants approved by the Minister of Education, Culture, Sports, Science and Technology (1994 Ministry Bulletin, Vol. 123).

Applicants must have either graduated from a university or completed a course of 16 years of formal education, followed by research for at least two years at a university or research institute. The results of this research must be recognized by the Graduate School of Bioagricultural Sciences, Nagoya University as the equivalent of a master's degree.

NOTE: See "Candidates applying under requirement (7)" on page 14.

- (8) Applicants who are recognized by this Graduate School to be equivalent in academic level to a graduate student with a master's degree or a professional degree.

NOTE: See "Candidates applying under requirement (8)" on page 15.

2. Academic Department/Laboratory offering doctoral programs and maximum number of enrollment

Department	Laboratory	Number to be admitted
Forest and Environmental Resources Sciences*	Resources Cycling in Pedosphere, Plant-Soil Systems, Forest Hydrology and Disaster Mitigation Science, Forest Ecology, Forest Protection, Forest Resource Management, Forest Resources and Society, Forest Chemistry, Biomass Resource Utilization, Wood Physics, Timber Engineering, System Engineering for Biology	A Several

Plant Production Sciences	Plant Physiology and Morphology, Plant Genetics and Breeding, Crop Science, Horticultural Science, Plant Pathology, Plant Immunology, Information Sciences in Agricultural Lands, Food Economics, Plant Gene Function, Agrigenome, Plant Genomics and Breeding, Tropical Bioresources, Genetic Information for Bioresources, Practical Studies in Africa, Practical Studies in Asia, Plant Epigenetics	A Several
Animal Sciences	Animal Genetics and Breeding, Genome and Epigenome Dynamics, Animal Morphology, Animal Integrative Physiology, Animal Reproduction, Animal Nutrition, Animal Production Science, Avian Bioscience, Fish Biology, Sericulture and Entomoresources, Applied Entomology	
Applied Biosciences	Organic Chemistry, Bioactive Molecules, Chemical Biology of Natural Products, Polymer Chemistry, Applied Enzymology, Molecular Biotechnology, Soil Biology and Chemistry, Applied Microbiology, Food and Biodynamics, Molecular and Cellular Regulation, Molecular Bioregulation, Glyco-Life Science, Animal Cell Physiology, Nutritional Biochemistry, Alimentary Neuroscience Plant Signaling, Biochemistry, Molecular and Functional Genomics, Plant Cell Function, Plant Integrative Physiology, Plant Metabolic System, Metabolic Balance of Ecosystem	

Applicants must ask the Laboratory in which he/she wishes to study for study topics before application.

NOTE: See the attached “Laboratories, Areas of Research, and Staff.”

3. Application Periods and Procedures

Both of the following procedures (1) and (2) are required.

(1) Register for Online Application System and Payment of Entrance Examination Fee.

Online Application and Payment Periods : June 10 to June 25, 2024

Please complete this step before submitting documents.

For more information, see section 5. and section 6.

The application procedure is only complete when the application documents arrive at the Graduate School. Registration and application fee payment with the online application system alone does not complete the application procedures.

The entrance examination fee payment must be completed within 4 days from the day of registration. If a payment is not made within the period, the application registration will be automatically cancelled. (Please re-register if your registration is cancelled)

*If the payment deadline is in less than 4 days, the payment deadline will be prioritized.

(2) Submitting Documents for Application

Applicants can submit the application documents in two ways: by mail or by hand. In both cases, the online application registration must be completed by 25 June. You cannot submit your application document without prior online registration.

When Submitting Documents by mail

Application Periods: June 25 to June 28, 2024

When submitting application documents by mail, please print out the “Address Sheet” in color via the online application system, attach it to an envelope, and send it so it arrives by the application deadline via simple registered express mail.

* If the application documents are mailed from overseas, they must arrive no later than Friday, June 28 (postmarks will not be considered).

Address: Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University
Furo-cho, Chikusa-ku, Nagoya 464-8601

When Submitting Documents by hand

Application Periods: June 25 to June 28, 2024

Open from 9:00 a.m. till 11:30 a.m. and from 1:30 to 4:00 p.m. (JST)

When submitting application documents by hand, please print out the “Address Sheet” in color via the online application system, attach it to an envelope, and bring it to the Student Affairs Section of Graduate School of Bioagricultural Sciences during the reception hours.

Address: Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University
Furo-cho, Chikusa-ku, Nagoya 464-8601

4. Required documents for application

(1)	Nagoya University Graduate School Application form/ Photograph Card	The application form and photograph card must be printed in color on a single-sided sheet of A4 sized paper from the online application system. * The applicant must prepare and upload a portrait photo, that is front facing, includes the upper body, no hats or backgrounds, and has been taken within 3 months of the application.
(2)	Application form (Graduate School of Bioagricultural Sciences)	Download and fill out the prescribed form from the Graduate School website.
(3)	Academic Transcripts	Original copies of official transcript from the undergraduate school (including liberal arts) and the graduate school the applicant has attended. ※If they are not written in Japanese or English, please attach an English translation version.
(4)	Certificate of master's degree or of being awarded a master's degree*	* Applicants who have graduated from a university in China , should print the certificate issued by the Center for Student Services and Development (CSSD) and submit it along with other application documents. The details of this process can be checked on the CSSD website

		(https://www.chsi.com.cn/en/). The issuance of certificates may take time, so applicants should start the process early.
(5)	TOEFL or TOEIC or IELTS score sheet	See “7. Examinations”, Item 1 “Submission of score sheets for foreign language (English) examination” for details. Applicants exempted from the written examination through application qualifications do not need to submit these.
(6)	A photo copy of Master’s Thesis (or its equivalent) and three copies of its summary (Japanese or English)	If the Master’s Thesis (or its equivalent) has not been completed, three copies of its summary in around 1,500 words English must be submitted at the time of application.
(7)	Letter of approval for taking examination if applicants have a job, using the prescribed form.	NOTE: Needed only for applicants working at a government/public office or a company. Download and fill out the prescribed form from the Graduate School website.
(8)	Personal History for Foreign Applicants	NOTE: Download and fill out the prescribed form from the Graduate School website.
(9)	A photo Copy of Residence Card (both sides).	Needed only for applicants without Japanese nationality, excluding those with official approval of permanent residency in Japan.
(10)	Declaration of Applicable Specific Categories*	Download and fill out the prescribed form from the Graduate School website. If you fall into one of the following categories, please submit the relevant evidence. For details, please refer to *Regarding submission of “(10) Declaration of applicable specific categories”.

*Regarding submission of “(10) Declaration of applicable specific categories”

In November 2021, in accordance with the clarification of the scope of control for “Deemed Exports” under the Foreign Exchange and Foreign Trade Act (“FEFTA”), some provision of sensitive technology to students by universities has become subject to control under the FEFTA.

- 1) Please submit a “Declaration of applicable specific categories” when applying to our graduate program. Please also submit the relevant evidence if you fall into one of the Categories 1 to 3.
 - employed by a foreign government/corporation: proof of employment
 - receiving scholarship from a foreign government/corporation: notice of scholarship award or application form
- 2) Students will also be required to submit a “Letter of confirmation” at the time of their admission.

5. Online Application Flow

Web Application Flow

The web application flow is as follows.

STEP

1

Preparation

Prepare a computer and printer connected to internet (smartphone and tablet are not recommended).

Prepare *required documents well in advance before application since it may take time to obtain them.

*Required documents: ID photo data, certificates etc.
For details, please check [the application guidelines](#) for the graduate schools you wish to enter.

STEP

2

Access the Application Site

From the application site ▶ <https://e-apply.jp/ds/nagoya-gs/>

STEP

3

MyPage Registration

Follow the instructions on the screen to enter the required information and register for MyPage. If you have already registered MyPage, please proceed to STEP4.

① If you register MyPage for the first time, please login from [My Page registration](#).

② Register your email address and click [Submit a temporary registration e-mail](#).

③ Click [Go to Login](#).

④ The initial password and URL for main registration will be sent to the e-mail address.

* Please check your e-mail settings as well to ensure that you are able to receive e-mails from @e-apply.jp domain.

⑤ On the login screen, enter the registered e-mail address and the "initial password" you received in ④, and click [Login](#).

⑥ Change from the initial password to new password.

⑦ Enter the required personal information and click [Next](#).

⑧ Confirm the personal information you entered and click [To register in this content](#).

STEP

5

Pay the examination fee

1 Paying with a credit card

You can select and pay during the Web application.

[Credit cards available for the payment]

VISA, Master, JCB, AMERICAN EXPRESS, MUFG, DC, UFJ, NICOS

The payment can be completed during the Web application.

2 Paying by internet banking

(Only in Japan)

After your Web application is registered, the page will shift to the site of the bank you chose. Make the payment as instructed on the screen.

*Required your bank account is registered for internet banking.

The payment can be completed online.

3 Paying at convenience stores (Only in Japan)

Write down the number displayed after your Web application is registered, and pay at any one of the following convenience stores.

- Pay at the cashier
- Pay using the terminal

4 Paying at ATMs with Pay-easy option

(Only in Japan)

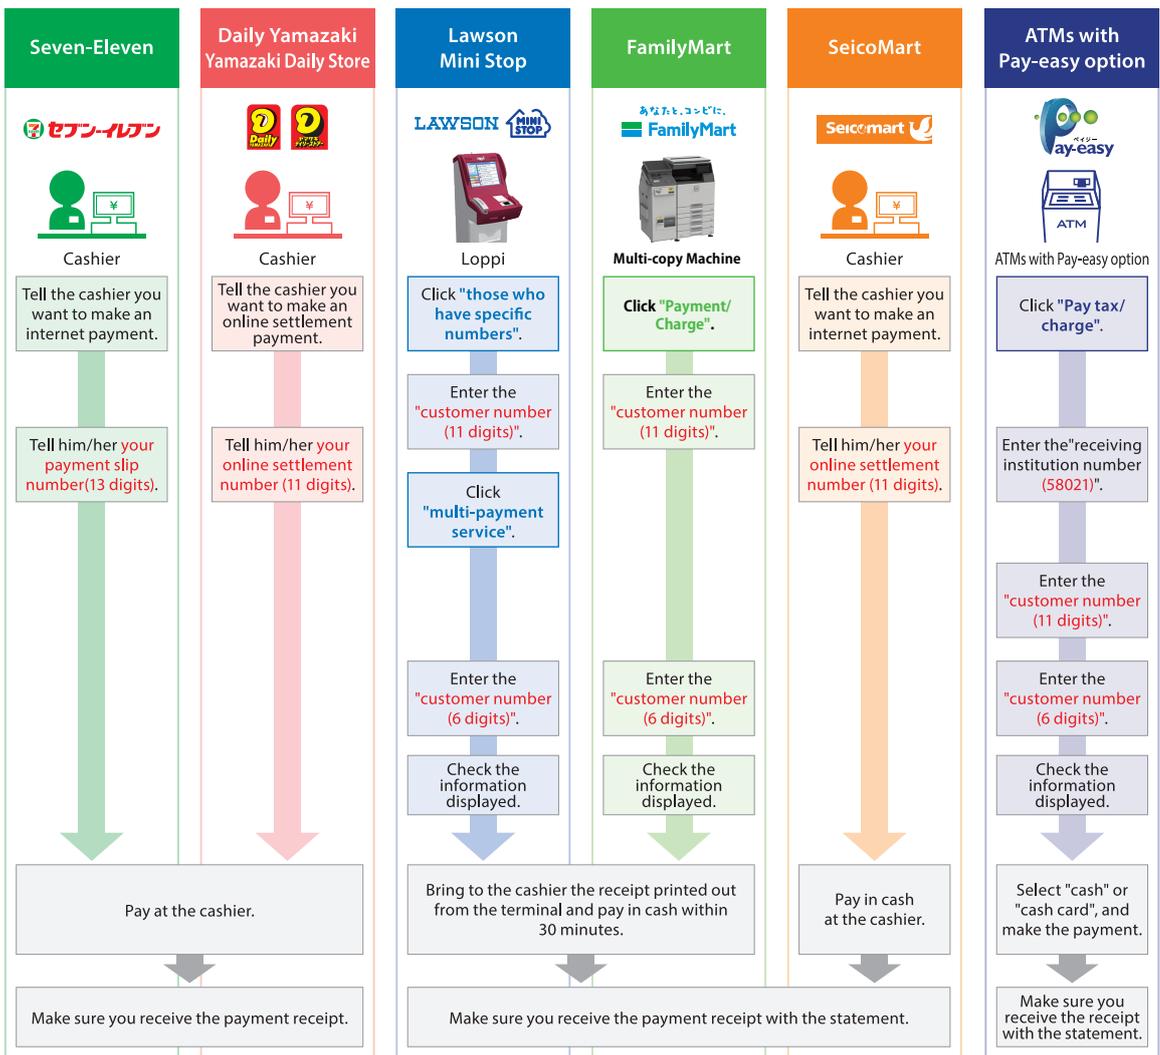

Write down the number displayed after your Web application is registered, and pay at any one of the ATMs with Pay-easy option as instructed on the screen.

*Banks with Pay-easy option can be checked on the [Selection of Payment Method] page.

Enter necessary information as instructed on the screen of the terminal or ATM, check the information displayed, and make the payment.

3 Convenience stores

STEP

6

Send Required Documents by Post

Print the documents downloadable in color after the completing and paid your application and send them from post office by simple registered express mail (簡易書留・速達郵便) along with other required documents. If you are from outside Japan, send them by tracked post (EMS etc.) within the application period.

Required documents

- Documents to be printed from the web applicaton
- Documents to be downloaded from the Graduate School WEB site and prepaed
- Certificated issued by your garaduated universities

One copy is required for each application registration. Please refer to **the application guidelines** for the required documents.

The mailing address of your application will be automatically printed on the Address Sheet. When sending from overseas, do not use this sheet.

Address sheet for submitting your application

Attach the sheet to a commercially available Kaku 2 envelope (24cm x 33.2cm).

If the application guidelbook specify other submission methods, please follow it.

*The examination fee and necessary documents that have been received will not be returned in any way except for those specified it in **the application guidelines**.

< Application Completion >

Note for Application

Your application will be completed only after you complete the web application, pay the examination fee, and send by post the required documents by the deadline. Please make sure to check the deadline in **the application guidelines**.

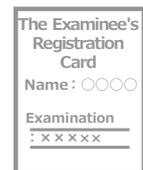

STEP

7

Print the Examinee's Registration Card

When the application is accepted and the examinee's registration card is able to be printed, you will be notified it through the e-mail address you have registered. If you do not receive the e-mail, please login to the Web application site by the day before the examination, print the card out on an A4 paper, single-sided in color, and bring this with you on the day of the examination.

6. How to Pay Entrance Examination Fee

(1) Entrance Examination Fee: 30,000 JPY

*In addition to the application fee, a service charge (about 500 JPY) will be required.

(2) Payment Period (Japan Standard Time)

June 10 to June 25, 2024

(3) Payment Method

Please pay the entrance examination fee through one of the following methods.

See “5. Online Application Flow” for details.

- Credit card
- Internet banking
- Convenience Store
- ATM with Pay-easy

(4) Refunding of Entrance Examination Fee

We will not refund the paid entrance examination fee once the application documents have been received. However, we will refund the paid entrance examination fee if any of the following circumstances apply. Please note that any transfer fees required for the refund process will be deducted from the refunded amount.

- a) The entrance examination fee has been paid, but no application was made or the application was not accepted.
- b) The entrance examination fee has been paid twice.

***Entrance examination fee refunds will be done through bank transfer. If the refund is sent to an overseas bank account, the refunded amount will be greatly reduced, and it will take many days to complete the refund process, so please be careful when paying the entrance examination fee.**

For information on how to request a refund, please check the Nagoya University website (<http://www.nagoya-u.ac.jp/>) - Admissions - Graduate School Entrance Examination/Undergraduate Transfer Examination etc. - Regarding Entrance Examination Fees (in Japanese).

7. Examinations

(1) Submission of score sheets for foreign language (English) examination

(Applicants under requirement (7) or (8) must submit it.)

TOEFL or TOEIC or IELTS scores will be used as the means of assessment for the foreign language (English) examination.

Note: Applicants fulfilling requirements (1),(2),(3),(4),(5) or (6), are exempted.

1. Examination Method

Submit one TOEFL or TOEIC or IELTS score sheet. There will be no written examination. The score from either TOEFL or TOEIC or IELTS will be calculated using the following method, and will be adopted as your foreign language (English) score.

■For TOEFL iBT

English score = $50 + (\text{TOEFL iBT score} - 50) \times 5/3$ (converted scores of 100 points or higher will all be treated as 100 points)

■For TOEFL iBT Home Edition

English score = $50 + (\text{TOEFL iBT Home Edition score} - 50) \times 5/3$ (converted scores of 100 points or higher will all be treated as 100 points)

■ For TOEFL ITP

English score = TOEFL ITP score × 0.34 – 108 (converted scores of 100 points or higher will all be treated as 100 points)

■ For TOEIC

English score = TOEIC score / 10 (converted scores of 80 points or higher will all be treated as 80 points)

■ For TOEIC-IP

English score = TOEIC-IP score / 10 (converted scores of 80 points or higher will all be treated as 80 points)

*TOEIC-IP Online is not available.

■ For IELTS(Academic Module)

English Score = 100 for IELTS Overall Band Score of 6.0 or higher, 82 for 5.5, 68 for 5.0

* Any converted score of less than 60 points will count as a failing score. In this case, please be aware that the application fee is still non-refundable.

2. Eligible scores

Scores from the following can be submitted: TOEFL-iBT, TOEFL iBT Home Edition, TOEFL-ITP, TOEIC (limited to Listening & Reading Test), TOEIC-IP (limited to Listening & Reading test) or IELTS(Academic Module). International applicants who have TOEFL-PBT scores should consult the Student Affairs Section before submitting documents.

3. Submission of score sheet

Score sheets must be submitted during the application period. **(Submissions after the application period will not be accepted. Note that score sheets may not be changed after submission, without exception.)**

■ If you submit a score sheet from TOEFL iBT or TOEFL iBT Home Edition.

Please submit both (1) and (2) below.

If either (1) or (2) is not received by the application period, the score sheet will be deemed not to have been submitted.

(1) Official Score: "Institutional Score Report" or "Official Score Report"

(2) A copy of the "Test Taker (Examinee) Score Report" that is sent to the examinee.

Please note the following points when submitting the score sheets.

1) For the "Institutional Score Report" or the "Official Score Report", please be sure to complete the designated procedures so that the reports can be sent from the ETS to Nagoya University within the application period (When making the procedures, please designate the appropriate Nagoya University's Institution Code "0312" and the Department Code. If there is no appropriate Department Code, designate "99".) Note that after the TOEFL examination, it takes about 6 to 8 weeks for the "Institutional Score Report" or "Official Score Report" to reach the designated recipient. There may be delays in arrival, so please take the TOEFL examination well ahead of time.

2) If you submit the "Institutional Score Report", use only the "Test Date Scores". (You may not use My Best Score.)

3) Please submit a copy of the "Test Taker (Examinee) Score Report" with the application documents.

■ If you submit a score sheet from TOEFL ITP

Please submit an original of the "Test Taker's Copy of Score Report (light purple card)" with the application documents.

- If you submit a score sheet from TOEIC
Please submit an original of the "Official Score Certificate" with the application documents.
If using a digital official certificate, submit a printout of the PDF.
- If you submit a score sheet from TOEIC-IP
Please submit an original of the "Score Report" with the application documents.
*TOEIC-IP Online scores are not available.
- If you submit a score sheet from IELTS (Academic Module)
Please submit an original of the "Test Report Form" with the application documents.

4. Period of validity of score sheets

Tests from 2 years before the entrance examination (i.e. August 28, 2022, or later) to those for which results can be submitted by the application deadline are valid.

Please note that TOEIC "Official Score Certificate" will not be returned.

(2) Oral examination

Date: August 28, 2024 Time: one and half hours during 10:00 to 17:00

(or Date: August 29, 2024 Time: one and half hours during 9:00 to 12:00)

(Details will be notified on August 28)

Matter of Oral Examination

Fundamental knowledge in the target academic area in which the applicant wishes to study, research plan, master's thesis, etc., and proficiency of foreign language (English)

(3) Place of Examination

Graduate School of Bioagricultural Sciences, Nagoya University (School of Agricultural Sciences)
500m eastward from the city bus stop "Nagoyadaigaku" or the subway station "Nagoyadaigaku",
or 500m southward from the subway station "Higashiyama-koen"

8. Announcement of examination results

(1) Time/Date: around 10:00 a.m. (JST), September 2, 2024

(2) Place: Graduate School of Bioagricultural Science website: <https://www.agr.nagoya-u.ac.jp/>

NOTE: Successful applicants will also be notified by mail.

9. Enrollment Procedures

(1) Detailed enrollment procedures will be notified by mail beginning in September, 2024.

(2) Registration fee: 282,000 yen (expected)

(3) Tuition: 267,900 yen per semester (535,800 yen per year) (expected)

NOTE: In case of any revision in tuition, the new rate will be made effective on and after the date of revision.

(4) Registration date: The matriculation date is scheduled to be on September 12 / September 13, 2024.

10. Notes

(1) Applicants cannot make any changes or ask for a refund after submitting the application form.

(2) Further notifications for the examination will be given on the notice board on the date of examination.
Examinees must be seated in the examination room 20 minutes before the examination starts.

(3) The results of the entrance examination are to be disclosed to those who have failed this entrance

examination. Requests should be made within 2 weeks to 2 months after the examination. For more information, please send an e-mail to (kyomu@agr.nagoya-u.ac.jp).

(4) For applicants with disabilities or other special needs

Applicants with disabilities or other special needs that require reasonable accommodations and adjustments for taking the entrance examinations due to their disabilities or other special needs should submit the following documents to the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University by May 31, 2024.

- 1) Application form for reasonable accommodations or adjustments: On A4 size paper in the format of your choice, please provide information regarding the condition of your disabilities or other special needs, which specific accommodations and adjustments are required for you to take the entrance exam and why they are necessary.
- 2) Medical certificate, any certificates of your disability (e.g., “Shogaisya-techo” in Japan), etc.: Applicants must submit Medical Certificates or other alternative documentation that provides detailed information regarding the limitation on a major life activities caused by the disabilities or other special needs, and provides sufficient justification for the requested accommodations or adjustments. (Copies acceptable)
- 3) Third Party Statements: Applicants must obtain and submit statements from third parties that are familiar with the applicant's disabilities or special needs and can attest to the resulting limitation on a major life activities and required accommodations. (Observations and opinions from medical professionals, relevant faculty from the applicant's school, and other specialists)
- 4) Other Documents: Applicants may, if desired, submit additional documentation providing additional information regarding their disabilities or other special needs and the recommended accommodations or adjustments.

For inquiries regarding reasonable accommodations or adjustments for taking the entrance examination or while attending Nagoya University, please feel free to contact the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University by the application deadline.

11. Others

For more information on the examinations, ask:

*Please be sure to email us.

Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University
Furo-cho, Chikusa-ku, Nagoya 464-8601
E-mail: kyomu@agr.nagoya-u.ac.jp
<https://www.agr.nagoya-u.ac.jp>

Candidates Applying under Requirement (7)

1. Requirements for applicants

By the day prior to the day of enrollment, applicants must have graduated from a university, followed by research for at least 2 years at a research institute. Applicants must also have published research papers, books, made research presentations, or hold patents recognized as the equivalent of a master's thesis or above.

2. Application for Certificate of Approval as Eligible Applicant.

Applicants under Requirement (7) must either submit or mail the following documents ①~⑨ by or on May 31, 2024 to the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University. The set of documents, if mailed, should have "Application for Certificate of Approval as Eligible Applicant." written in red ink on the envelope, and be sent by registered mail.

Applicants will be notified of the results after June 24, 2024.

Documents required:

- ① Application Form for the application under Requirement (7)
Download and fill out the prescribed form from the Graduate School website.
- ② Certificate of graduation from a university
- ③ Summary of research results.
Download and fill out the prescribed form from the Graduate School website. It should be written in the format of a research paper and be approx. 4,000 Japanese characters in length (1,500 words if in English).
- ④ Bibliography
Download and fill out the prescribed form from the Graduate School website.
- ⑤ Certificate of academic background
Download and fill out the prescribed form from the Graduate School website. The form should be signed by the head or other proper authority at the applicant's affiliated institution.
- ⑥ Letter of recommendation
To be written by the head or other proper authority at the applicant's affiliated institution.
Download and fill out the prescribed form from the Graduate School website.
- ⑦ A copy of research papers, books, research presentations, or patents, etc.
- ⑧ Personal History for Foreign Applicants
Download and fill out the prescribed form from the Graduate School website (only required for those who do not possess Japanese citizenship).
- ⑨ A return envelope to receive results of the application. Enclose a self-addressed envelope (12×23 cm) with a 374 JPY stamp affixed.
(If the applicant resides overseas, please enclose a sufficient International Reply Coupon (IRC) to cover the required return postage.)

3. Application Procedures

The candidates approved as Eligible Applicants must submit the set of documents specified on "4. Required documents for application" to the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University, from June 25 to June 28, 2024. Applications can also be sent by mail to our office. (See "3. Application Periods and Procedures" for details.)

Candidates Applying under Requirement (8)

1. Requirements for applicants

Applicants must be recognized by the Graduate School of Bioagricultural Sciences, Nagoya University to be equivalent in academic level to a graduate student with a master's degree or a professional degree, and must reach 24 years old by the day prior to the day of enrollment.

* Applicants who have graduated from any school in China must ask the Student Affairs Section, Graduate School of Bioagricultural Sciences for details.

2. Application for Certificate of Approval as Eligible Applicant.

Applicants under Requirement (8) must either submit or mail the following documents by or on May 31, 2024 to the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University. The set of documents, if mailed, should have "Application for Certificate of Approval as Eligible Applicant." written in red ink on the envelope, and be sent by registered mail.

Applicants will be notified of the results after June 24, 2024.

Documents required:

① Application Form for the application under Requirement (8)

NOTE: Download and fill out the prescribed form from the Graduate School website.

② Reference material showing that the applicant is equivalent in academic level to a graduate student with a master's degree or a professional degree;

*Submit one or more relevant materials listed below. For example: 1) or 3)

1) Applicants who have graduated or will be graduating from a junior college, technical college, special school or other school:

- Diploma or certificate of graduation/ expected graduation
- Official transcript (academic record)
- Syllabus

2) Applicants who have technical/ professional career:

- Certificate of employment, specifying its period and matter of tasks, and report of his/her career achievements prepared by the applicant (form not specified).

3) Applicants with academic work:

- Certificate of academic background

Note: Download and fill out the prescribed form from the Graduate School website. The form should be signed by the applicant's academic advisor or other proper authority.

- Bibliography

Note: Download and fill out the prescribed form from the Graduate School website.

- Summary of research results

Note: It should be made up in paper style by the applicant, with approx. 4,000 characters in Japanese (1,500 words in English). Download and fill out the prescribed form from the Graduate School website.

4) Applicants with published research papers or books, research presentations, patents, etc.:

- Any reference material showing each

③ Others

- Any material for examination purposes (e.g.: Letter of recommendation)

④ Personal History for Foreign Applicants

Note: Download and fill out the prescribed form from the Graduate School website.

⑤ A return envelope to receive results of the application. Enclose a self-addressed envelope (12cm×23cm) with a 374 JPY stamp affixed.

(If the applicant resides overseas, please enclose a sufficient International Reply Coupon (IRC) to cover the required return postage.)

3. Application Procedures

The candidates approved as Eligible Applicants must submit the set of documents specified on “**4. Required documents for application**” to the Student Affairs Section, Graduate School of Bioagricultural Sciences, Nagoya University, from November June 25 to June 28, 2024. Applications can also be sent by mail to our office. (See “**3. Application Periods and Procedures**” for details.)

Laboratories, Areas of Research, and Staff

Department	Laboratory	Area of Research	Staff			
			Professor	Associate Professor	Lecturer	Assistant Professor
1. Forest and Environmental Resources Sciences	1. Resources Cycling in Pedosphere	Cycles of carbon, nitrogen, and trace elements in pedosphere and related environments. Chemical structure, function, and dynamics of soil organic matter, in particular humic substances.	WATANABE, Akira			
	2. Plant-Soil Systems	Studies on nutrient dynamics in forest ecosystems. Our specific focus is to evaluate forest health by disentangling tripartite interactions among plant, soil, and microbes.		TANIKAWA, Toko		
	3. Forest Hydrology and Disaster Mitigation Science	Research for elucidating hydrological cycle, sediment dynamics, and disaster vulnerability of local community in regional and watershed scales. Research and its social implementation for sustainable resources management is included.	GOMI, Takashi	KOTANI, Ayumi		
	4. Forest Ecology	Our laboratory covers a wide range of studies related to forest ecology, forest genetics, and forest ecophysiology. Especially structure, dynamics, and functions in tree communities. Also genetic diversity, reproductive ecology, ecophysiology, and dry matter production in tree populations.	TOMARU, Nobuhiro	NAKAGAWA, Michiko		
	5. Forest Protection	Forest entomology focusing on insect-fungus and insect-plant interactions. Forest ecosystem conservation based on the management of biological communities.	KAJIMURA, Hisashi		TOKI, Wataru	
	6. Forest Resource Management	Research on development of cutting edge measurement technology of forest, construction of theory concerning forest resource management, development of future planning and evaluation method of forest management.	YAMAMOTO, Kazukiyo			
	7. Forest Resources and Society	Studies on forest management policy for realizing both forest conservation and improvement of local livelihoods, forest certification, participatory forest management, community forestry and timber procurement strategies of enterprise	HARADA, Kazuhiro	IWANAGA, Seiji		
	8. Forest Chemistry	Organic chemical, biochemical, and analytical chemical studies on the formation process, structure, and advanced utilization of woody biomass.	FUKUSHIMA, Kazuhiko	AOKI, Dan		
	9. Biomass Resource Utilization	Isolation and structural elucidation, biosynthesis, distribution and utilization of wood extractives.		IMAI, Takanori		
	10. Wood Physics	Generation processes of growth stress and wood properties during tree growth, Growth and maturation of tropical plantation species, Analysis of reaction wood formation by molecular approach, Physical and mechanical properties of wood materials.	YAMAMOTO, Hiroyuki	YOSHIDA, Masato		
	11. Timber Engineering	Mechanical durability in structural use of wood and wood-based materials, Analysis of mechanical behavior in timber structure, Quality-of-material distribution and the plan for demand and supply of forest resources, Wood utilization in urban design.	YAMASAKI, Mariko			ANDO, Kosei
	12. System Engineering for Biology	Studies on nondestructive measurement system and data science for biological resources.	TSUCHIKAWA, Satoru	INAGAKI, Tetsuya		MA, Te

*** Designated Assistant Professor

(as of April 1, 2024)

Laboratories, Areas of Research, and Staff

Department	Laboratory	Area of Research	Staff			
			Professor	Associate Professor	Lecturer	Assistant Professor
2. Plant Production Sciences	13. Plant Physiology and Morphology	Studies from both aspects of structure and function on functional differentiation of plant cells and tissues, and response and tolerance to environmental stresses.	TANIGUCHI, Mitsutaka	MITSUYA, Shiro		
	14. Plant Genetics and Breeding	Breeding, molecular genetical, molecular biological, and physiological researches related to the evolution, morphogenesis, development, and environmental stress tolerance of cultivated plant species.	NAKAZONO, Mikio	TAKAHASHI, Hirokazu		AGATA, Ayumi
	15. Crop Science	Eco-physiological studies and development of novel measurement techniques to improve crop production and sustainability focusing on photosynthesis and nutrient acquisition.	KONDO, Motohiko	YANO, Katsuya	SUGIURA, Daisuke	
	16. Horticultural Science	Physiological, biochemical, and molecular biological approaches to clarify the characteristics and growth of horticultural crops, i.e. flowers, vegetables, and fruit trees, to improve their quality and productivity.		SHIRATAKE, Katsuhiko		
	17. Plant Pathology	Physiological, biochemical and molecular-biological researches on defense mechanisms of plants against plant pathogens, and interactions of plant pathogens and beneficial environmental microorganisms with host plants. Development of biocontrol measures and understanding of its mechanisms.	TAKEMOTO, Daigo	CHIBA, Sotaro		SATO, Ikuo
	18. Plant Immunology	Studies on the molecular mechanisms of plant immune response in plant-pathogen interactions. Development of a plant vaccine based on the mechanisms.		YOSHIOKA, Hirofumi		
	19. Information Sciences in Agricultural Lands	Studies to improve agricultural production by analyzing information from field (crop DNA sequences, morphology, physiological characteristics, yield, soil, environment, etc.) by means of informatics/ data science	MURASE, Jun	DOI, Kazuyuki		NISHIUCHI, Shunsaku SAWADA, Kozue***
	20. Food Economics	Socioeconomic studies on food system, regional resource management and multifunctional roles of agriculture.	TOKUDA, Hiromi	TAKESHITA, Hironobu		MIURA, Satoshi
	21. Plant Gene Function	Studies on plant gene function and its application.	ASHIKARI, Motoyuki	HOB0 Tokunori*		NAGAI, Keisuke
	22. Developmental and Systems Plant Biology	Florigen function in the shoot apical meristem of plants. Root tissue structures that contribute to plant growth and adaptation to abiotic stress.	TSUJI, Hiroyuki	YAMAUCHI, Takaki		
	23. Plant Genomics and Breeding	Studies on plant genomics and breeding to solve various problems of modern society, i.e. environment, energy, food problems, etc.	SAZUKA, Takashi			OKADA, Satoshi
	24. Bioindustry	Studies on plant grafting and systemic signaling in plants to improve plant resources for future sustainability.	NOTAGUCHI, Michitaka	KUROTANI, Kenichi* KASAHARA		
	25. Tropical Bioresources	Exploring and evaluating the traits of tropical plant resources for sustainable agricultural development in the tropics responding to diversification of food demand and climate change.	EHARA, Hiroshi			NAKATA, Mana
	26. Genetic Information for Bioresources	Aiming at stable crop production under climate change, we conduct research on the extraction and utilization of genetic information related to useful traits from bioresources.	INUKAI, Yoshiaki			
27. Practical Studies in Africa	Research on environmental response of crop genetic resources and cultivation technology development for improving and stabilizing crop production in Africa.		MAKIHARA, Daigo			
28. Practical Studies in Asia	Studies on agriculture and rural development including natural resources management in Asia for better livelihoods, poverty reduction and food security.		ITO, Kasumi			

* Designated Associate Professor

** Designated Lecturer

*** Designated Assistant Professor

Laboratories, Areas of Research, and Staff

Department	Laboratory	Area of Research	Staff			
			Professor	Associate Professor	Lecturer	Assistant Professor
3. Animal Sciences	29. Animal Genetics and Breeding	Studies on the genetic basis of qualitative and quantitative traits in mammals and birds; evolutionary genetics research of animals using genetic engineering such as genome editing; evaluation, conservation and utilization of animal genetic resources; and development of new laboratory animal models for human disease and biological functions.	SUMIYAMA, Kenta	ISHIKAWA, Akira		YAMAGATA, Takahiro TANABE, Akira
	30. Genome and Epigenome Dynamics	Epigenetic regulatory systems for transposons and genes in vertebrates. Epigenome regulation during germ cell development. Genome-epigenome interactions during evolution. Mechanism of cancer cell growth inhibition by activation of transposons.	ICHIYANAGI Kenji			OHTANI, Hitoshi
	31. Animal Morphology	Formation and deformation of the traits in vertebrates. Viral endogenization and the roles of the viral-derived element in vertebrates. Transgenerational epigenetic inheritance (TEI).	HONDO, Eiichi			IIDA, Atsuo
	32. Animal Integrative Physiology	Understanding the regulatory mechanisms of circadian and seasonal rhythms in vertebrates. Development of transformative bio-molecules that improve animal production and human health. Studies on physiological regulation of gene expression and release of growth factors in birds.	YOSHIMURA, Takashi	OHKAWA, Taeko	KON, Naohiro**	TSUKADA, Akira NAKAYAMA, Tomoya***
	33. Animal Reproduction	Basic studies on the neuroendocrinological mechanism regulating animal reproduction and its application to animal production and drug discovery.		UENOYAMA, Yoshihisa INOUE, Naoko		
	34. Animal Nutrition	Studies on the metabolic properties of nutrients (amino acids and vitamin C etc.) and their physiological functions in avian and mammalian species. Analysis of the uptake mechanism of biomolecules into avian eggs and its application to production of valuable protein.	MURAI, Atsushi			FURUKAWA, Kyohei
	35. Animal Production Science	Studies on regulatory mechanism of physiological and reproductive functions in ruminants and its utilization for animal production.	OHKURA, Satoshi	MATSUYAMA, Shuichi NAKAMURA, Sho*		
	36. Avian Bioscience	Functional genomics-based identification of genes that control useful phenotypes of birds. Production of genetically manipulated birds for model animals and industrial use.	NISHIJIMA, Ken-ichi			OKUZAKI, Yuya
	37. Fish Biology	Morphological, physiological, and behavioral studies of the brain, sensory receptors, motor systems, and peptidergic neurons in aquatic animals.	YAMAMOTO, Naoyuki	ABE, Hideki		GOTO, Maki HAGIO, Hanako***
	38. Sericulture and Entomoresources	Molecular mechanisms of baculovirus infection, baculovirus-host interaction and antiviral responses in insects.	IKEDA, Motoko			HAMAJIMA, Rina
39. Applied Entomology	Studies on the development of insect pest management methodology via physiological and molecular approaches.		MINAKUCHI, Chieka		MITAKA, Yuki	

* Designated Associate Professor

 *** Designated Assistant Professor

(as of April 1, 2024)

Laboratories, Areas of Research, and Staff

Department	Laboratory	Area of Research	Staff			
			Professor	Associate Professor	Lecturer	Assistant Professor
4. Applied Biosciences	40. Organic Chemistry	Bioorganic studies on naturally occurring organic molecules possessing novel structure and biological activity: development of new synthetic methodologies, total synthesis of natural products, elucidation and control of the biofunctions.	NISHIKAWA, Toshio			MIYASAKA, Tadachika
	41. Bioactive Molecules	Studies on identification, action mechanism, and application of bioactive molecules produced by plants and microorganisms. Mechanistic analysis and application of carbohydrate-binding small molecules.		NAKAGAWA, Yu	KONDO, Tatsuhiko	
	42. Chemical Biology of Natural Products	Isolation, structure determination, synthesis, biosynthesis, and modes of action of bioactive natural products that regulate biologically and physiologically intriguing phenomena. Anesthetic substances from venomous mammals, and key substances for marine symbiotic relationships. Development of new analytical methods for target molecules using fluorescent probes.	KITA, Masaki	TSUNEMATSU, Yuta		INOUE, Takato
	43. Polymer Chemistry	Studies on controlled syntheses and functions of biomaterials and medical polymers including artificial glycoconjugates, bifunctional polymers and environmentally friendly synthetic polymers.	AOI, Keigo	NOMURA, Nobuyoshi		
	44. Applied Enzymology	Mechanistic enzymology of flavin and pyridoxal enzymes. Physiological function of isoprenoid, amino acids, and vitamins. Microbial and enzymatic production of useful substances. Lipid biosynthesis in Archaea.	HEMMI, Hisashi	ITO, Tomokazu		
	45. Molecular Biotechnology	Molecular bioengineering for novel biomolecules, bioprocesses and analytical processes. Currently, novel monoclonal antibody screening, single molecule technology for protein engineering, and the mechanism of translation-enhancing peptide are major research topics.	NAKANO, Hideo	COROVIC Jasmina		KATO, Teruyo
	46. Soil Biology and Chemistry	Studies on the microbial population, and the chemical and biological processes occurring in the paddy field ecosystem.	ASAKAWA, Susumu	WATANABE, Takeshi		SHINJO, Rina
	47. Applied Microbiology	Molecular and chemical genetic studies on gene regulation of agriculturally and industrially important microorganisms, especially filamentous fungi.	KIMURA, Makoto			MAEDA, Kazuyuki
	48. Food and Biodynamics	Chemical biology of electrophilic ligands, such as lipid peroxidation products and functional food molecules.	SHIBATA, Takahiro			NAKASHIMA, Fumie
	49. Molecular and Cellular Regulation	Biochemical and molecular cell biological studies on signal transduction, intracellular traffic, gene expression regulation in animal cell differentiation, growth, proliferation and cell death.	SHIBATA, Hideki		TAKAHARA, Terunao	
	50. Molecular Bioregulation	Biochemistry and molecular cell biology on the biosynthesis and dynamics of proteins, nucleic acids and their complexes in mammals, and on the functions and regulations of these molecules in living organisms, including cell proliferation and tissue differentiation. Specifically, we are studying mammary gland development and milk synthesis, translational control including ribosomes, and the epithelial responses to bioactive factors.		NADANO, Daita		OHSHIMA, Kenji
	51. Glyco-Life Science	Interdisciplinary studies between bioagricultural, medicinal, and pharmaceutical sciences on regulatory mechanisms for glycans-involved phenomena to attain better health, environment, and food	SATO, Chihiro			HANE, Masaya Wu, D****
	52. Animal Cell Physiology	Studies on functions of extracellular matrix, transporter proteins, and signal transduction.		MATURANA, Andrés Daniel	NIIMI, Tomoaki	
	53. Nutritional Biochemistry	Nutritional regulation of enzyme and gene expression in mammals. Molecular mechanisms for hepatocyte differentiation in 3-dimensional culture systems. Physiological significance of liver circadian rhythm.		ODA, Hiroaki		
54. Alimentary Neuroscience	Omnivorous animals including human evaluate and select specific foods among several candidates before consumption. Our goal is the identification of the neural mechanism for food choice.	NAKAJIMA, Ken-ichiro			RATTANAJEARAKU L, Nawarat*** SHIOTANI, Kazuki	

55. Plant Signaling	Studies on molecular mechanisms underlying optimization of plant growth and development in response to environmental cues with focusing on phytohormone function.	SAKAKIBARA, Hitoshi	KIBA Takatoshi	HASHIMOTO-SUGIMOTO, Mimi	BELLEGARDE, Fanny***
56. Biochemistry	Biochemical, molecular genetic, and microscopic studies on regulatory mechanisms of development of plant organs such as flowers, pollen grains, and roots. Studies on molecular functions and regulation of membrane proteins that support photosynthesis and inorganic nutrient assimilation in plants and cyanobacteria.		ISHIGURO, Sumie		MAEO, Kenichiro MAEDA, Shin-ichi NAKANISHI, Yoichi
57. Molecular and Functional Genomics	Biochemical, cellular and genetic studies on molecular mechanisms of chlorophyll biosynthesis, nitrogen fixation, circadian rhythm and phytohormone signal transduction in cyanobacteria and plants. Cyanobacterial microevolution.	FUJITA, Yuichi	YAMASHINO, Takafumi		YAMAMOTO, Haruki
58. Plant Cell Function	Molecular mechanisms of plant growth and development, and their regulation in response to environmental signals. Studies on the construction of artificial membrane-less organelles in plant cells.		UEGUCHI, Chiharu TAKEDA, Shin		
59. Plant Integrative Physiology	Understanding plant circadian rhythms and seasonal behaviors with multi-omics approaches. Improvement of plant biomass and productivity by controlling key genes for circadian and seasonal behaviors.	NAKAMICHI, Norihito			MURANAKA, Tomoaki
60. Plant Metabolic System	Studies on biological functions and regulatory mechanism of plant metabolism.	HIRAI, Masami			
61. Metabolic Balance of Ecosystem	Methodology development of analysis of metabolic balance of ecosystem and its application to applied sciences.	KIKUCHI, Jun
